This class concentrates on commonly used words and phrases and their correct pronunciation, using a conversational approach to teaching. This class is meant for those who know no German or who want to brush up on the basics. Upon completion of the course, participants should be able to pronounce the alphabet and sound out word combinations, read and speak simple phrases, and be able to understand and speak simple sentences, including asking for directions, ordering off the menu, and telling time and general conversation. The last class meeting will be held at a local German restaurant so students can practice their newly obtained language skills by ordering off the menu and chatting with the native staff. The date and time of this meeting are to be announced. The course requires Taylor and Haas' *German: A Self Teaching Guide* which is available from GTHS and costs \$20.00.
